

**1. Does your child have any COVID-19 symptoms?**

- A high temperature 38 C or above
- A new, continuous cough – this means coughing a lot, for more than an hour, or 3 or more coughing episodes in 24 hours
- A loss or change to sense of smell or taste – this means they cannot smell or taste anything, or things smell or taste different to normal

YES

NO

- Do not come into nursery
- Contact the nursery to inform us
- Get a PCR test & go to question 2

*- If your child only has a temperature but had a vaccination within the last 48 hours or an MMR vaccine in the past 21 days, please proceed to question 3*

**2. Is your child's COVID-19 test positive?**

**3. Is your child ill with other symptoms not linked to COVID-19?**

YES

NO

- Follow the guidance shown on our sickness traffic light sheet [here](#).
- If the sheet indicates that they can't attend, inform nursery.

Child may attend nursery.

YES

NO

- Inform nursery
- Do not come into nursery until their temperature is normal & they have isolated for 5 days, You child can stop self-isolating after 5 full days if they have a rapid lateral flow test on days 5 and 6 of their self-isolation period and:
  - both tests are negative
  - both tests are taking at least 24 hours apart
  - they do not have a high temperature
