NURSERY & PRESCHOOL

N Barnet

## Your neighbourhood nursery

Situated in Constable House, a locally listed red-brick former police station, our nursery is nestled on Bulwer Road. The handy location, just an 8-minute walk from New Barnet station makes drop-offs and pick-ups a breeze!

Eight large playrooms, all carefully designed with plentiful windows for natural light and fresh air, will play host to our N Curriculum. While the atelier is the perfect setting for our range of N Extras and the exploration of self-expression and creativity. Outside, to the rear and side of the nursery, there is a newly developed garden complete with a designated messy play zone and independent baby area for our programme of outdoor learning.

We're all about making things easier for our families, and the buggy and scooter stores at the front of the nursery mean you can head off hands-free. Even better, our welcoming N café will serve (much-needed!) coffee, tea, and snacks, meaning you'll be set up for the day in just the right way!

# Rethinking early years education

Working with leading experts, we've created a progressive learning programme unique to N, and entirely bespoke to each child. Designed to inspire and prepare children to thrive in our busy and ever-changing world, our N curriculum focuses on four key areas:

## Holistic health

Developing mind, body and a rich understanding of self and others through physical activities, emotional literacy experiences, mindfulness and yoga.

## Self expression

Freedom and confidence to unleash inner creativity through words, movement, music, books and art.

## Global responsibility

Building a deep connection to the surrounding world through regular trips, along with an appreciation for culture, community, diversity and sustainability.

## Inventive ideas

Delighting in the scientific and mathematical structures that support everyday life in everything from technology to cooking – and the mysteries yet to be solved.

## Outdoor learning and Forest School

Our imaginatively designed garden comes complete with plenty of space for playing outdoor games. Regular Forest School-inspired sessions (where children build dens, explore bug hotels and cook outside) and local community trips also form an important part of our core programme.

## N Extras

In addition to our core curriculum pillars, all children have access to our N Extras, which are explored weekly in small groups. These extras are covered in our all-inclusive fees and include Spanish, cooking & baking, yoga, and Doodle Dance. We also give all children the N Passport - our programme of cultural experiences.

## Passionate about education

Development is fundamental to our team culture and we support our educators to pursue further training and development through our N Academy. We believe this ensures the best learning environment for your children.

# Nursery for the whole family

Choosing a nursery is a big decision. As well as being the foundation of your child's education, it's a new community of friends and – for many families – a new balancing act between work and parenting. At N, we go beyond for our families – giving them support, advice and a much-needed helping hand with their daily routine.

## N café

Haven't found time to feed yourself in the drop-off rush? Look no further than our dedicated N café which serves coffee and snacks, all day. It's also a great place to meet other parents, and find out about the latest happenings at N.

## Flexibility

Subject to availability, we offer a flexible pay-as-you-go hour at either end of the day (7-8am, 6-7pm), making it easier for you to balance drop-offs and pick-ups with a busy schedule.

## N App

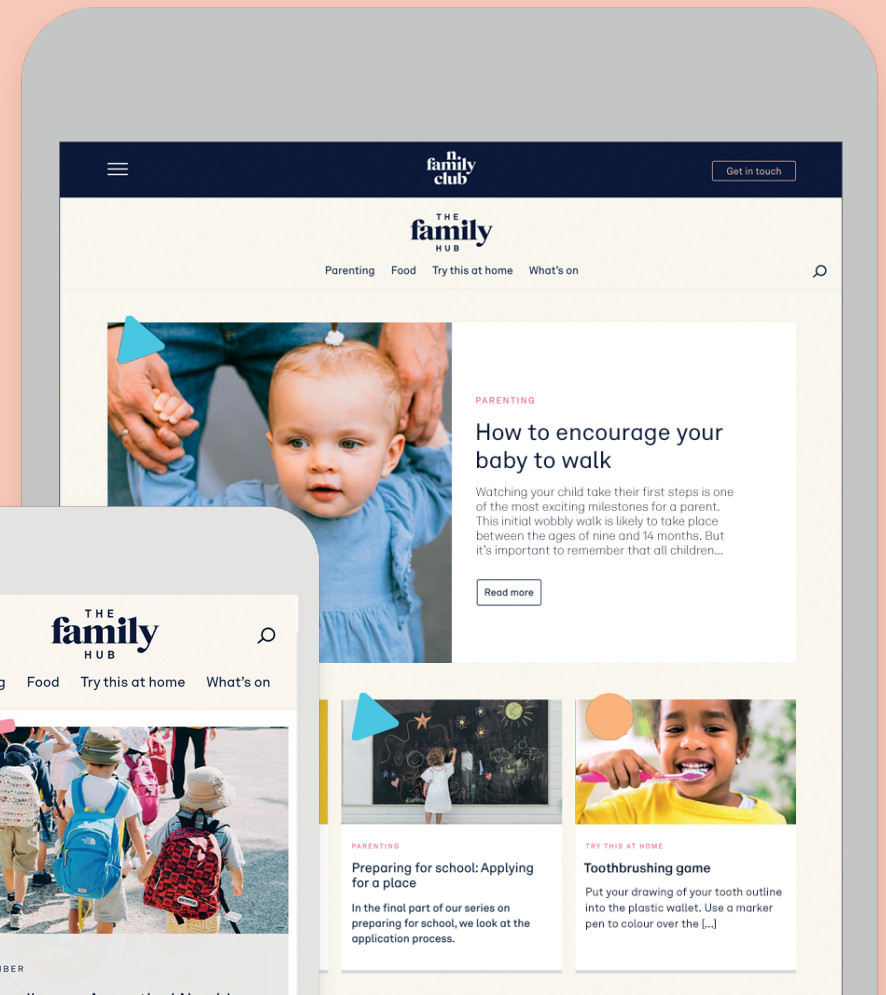

Wondering what educational activity your child is getting stuck into today? Our handy N App gives you peace of mind with daily posts and pictures, as well as information about how they're eating and sleeping.

# Family Club and The Family Hub

We're passionate about what we do, which is why we want to support our families with all of the many joys and challenges that parenting brings.

- Our Family Club hosts a monthly programme of expert-led online talks exploring key child developmental milestones, as well as in-nursery seasonal events and experiences.
- We've also created The Family Hub: an online platform packed with advice for the Early Years, child-approved recipes and activities recommended by our educators to try at home.
